Executive Profile:

Marjet Andriesse
General Manager and Senior Vice President for Asia Pacific

Marjet Andriesse is a seasoned leader, with over 25 years of vast international experience in driving customer satisfaction, sales, and revenue growth. She has been instrumental in successful transition and organizational management for technology and professional services firms across Europe and Asia.

As general manager and vice president of Red Hat in Asia Pacific, Marjet is responsible for the next phase of the company's growth in the region, as well as leading initiatives to enable customer success with open hybrid cloud technology. Marjet also manages engagement with enterprise customers and emerging technologies sales and support capabilities.

Throughout her career, Marjet has been a passionate advocate for workplace diversity and has been acknowledged for her forward thinking leadership. This includes her role as Chair of the Diversity & Inclusion (D&I) council for Red Hat APAC and has been recognized as one of the Techleaders for the inaugural SG100 Women in Tech in 2020.

Marjet's experience spans industries, including logistics and telecommunications, as well as HR services in a variety of leadership positions. Before joining Red Hat, she was the managing director of Telstra in Asia Pacific and was responsible for delivering the company's corporate strategy in the region. Prior to Telstra, Marjet's career also included working with Randstad and KPN NV in national and international management positions across Europe and Asia.

Marjet is a Dutch native and holds a master's degree in Economics from the University of Groningen, The Netherlands.
